

Integrated System News Bulletin

Prevention & Early Intervention

**Attention: Local Plan SD/Medi-Cal Providers
(Direct Data Entry Only)**

STOP – Impact on You

Effective June 17, 2010, the Evidence Based Practice (EBP) drop down menu, in the “**Service**” screen of the Integrated System (IS), has been modified to add 38 Prevention & Early Intervention (PEI) codes and descriptions to capture PEI Services. These additions have also been incorporated into the IS Codes Manual with the revised heading now reading EBP, SS and PEI Services.

This change is for Local Plan Short Doyle/Medi-Cal providers who enter services and submit claims via Direct Data Entry.

CAUTION – What You Need to Know

Memos will be issued for Contract and Directly-Operated providers with additional information regarding how the addition of PEI Service codes will further impact data entry.

The IS Codes Manual has been revised to reflect the addition of the new PEI codes and descriptions to the EBP and SS codes and descriptions. To review, please click on the provided link below:
